

**T-350 2.75 LOW GEAR SET**

Part # 354040

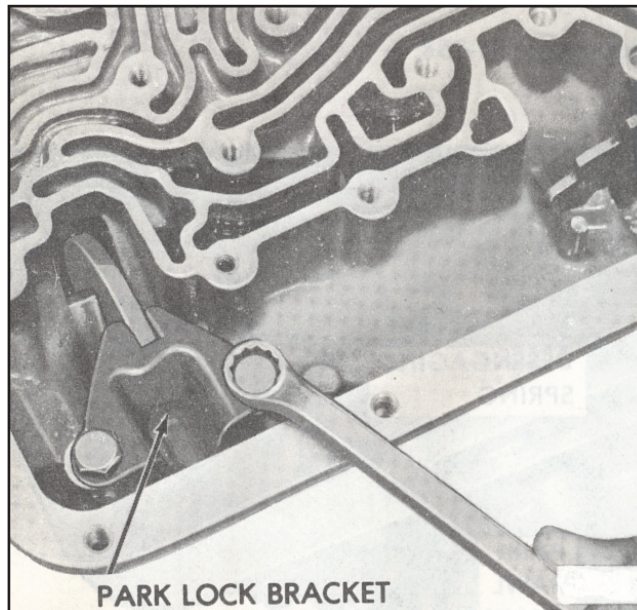

**PARTS LIST**

- Reaction carrier with Bushing and Thrust Bearing (357060)
- Output Ring Gear (357090)
- Low, Reverse Piston, modified with springs & retainer (357140)
- Park Lock Bracket, modified (357150)

Packed by: \_\_\_\_\_

**You must use the park rod bracket supplied with the gear set or park may not work properly!**

When installing the bracket, push the bracket toward the outside of the transmission case as you are tightening the bolts. Check to be sure the large diameter of the park lock rod will lock between the bracket and the parking pawl.
